MATRIX ETERNITY PENX

ETERNITY PENX is an integrated IP-PBX with seamless mobility. This new platform offers higher RAM and enhanced features of the SARVAM application. With ETERNITY PENX, Matrix offers up to 100 IP users and about 6 universal slots. However, PENX now runs on the SARVAM UCS platform to provide convergence with traditional technology.

This provides the customers with the smart benefit of hybrid technology that can help them seamlessly switch and bridge between legacy equipment, trending IP technologies, and next-gen unified communication.
