Softphone - VARTA

MATRIX VARTA WIN200
Introducing Matrix VARTA WIN200 - The UC Client, redefining communication experience with its variety of collaboration features and intuitive user interface. This UC Client empowers users to switch or extend the extension to their desktop computer with the help of Matrix Unified Communication Servers. It offers real-time features such as Video Calling, Presence Sharing, Instant Messaging, Drag-and-Drop Conferences, and BLF Keys (up to 600). Take your business productivity to the next level through effective communication with Matrix VARTA WIN200.

MATRIX VARTA ADR100/AMP100
Matrix takes mobility experience a notch higher with Matrix VARTA ADR100/AMP100 – the UC Client. The softphone enables users to access all the facilities of their desk phones from their Android or iOS-based smartphones or tablets. The softphone Matrix VARTA ADR100/AMP100 offers new flexibility and manageability across mobile platforms to deliver exceptional levels of connectivity for the distributed workforce. It unravels communication bottlenecks, ties together applications with a simple user interface, and supports closer collaboration across enterprises.

ABOUT MATRIX

Established in 1991, Matrix is a leader in Security and Telecom solutions for modern organizations. Matrix offers a comprehensive range of solutions for IP Video Surveillance, Access Control, Time-Attendance, and Telecom applications. The solutions are designed to meet the communication and security requirements of large enterprises having offices in multiple locations, SMEs, and SMBs.

As an innovative, technology-driven, and customer-focused organization, Matrix is committed to keeping pace with the revolutions in the Security and Telecom industries. With around 40% of its human resources dedicated to the development of new products, Matrix has launched over 60 cutting-edge products and solutions.

IP Video Surveillance includes solutions like Video Management Systems, Network Video Recorders, and IP Cameras. Likewise, solutions in Access Control and Time-Attendance include Visitor Management Solutions, Elevator Access Control, Panels, Door Controllers, and Readers.

We offer Telecom Solutions such as Unified Communications, IP-PBX, Universal Media Gateways, VoIP and GSM Gateways, and Communication Endpoints. All these solutions are feature-rich, reliable, and conform to international standards.
